Actually, it is one of the most popular genres on the entire platform. It is started with simple viral games like 2048 and evolved into genuinely pleasant experiences such as Monument Valley. These days, you can find some good puzzle games on Android in terms of graphics and game. The days of super simple and graphic mechanics are finished with goofy ideas, with intense and complex apps with creative stories and good graphics. This list quickly changes how new puzzle samples emerge. Here are the best Puzzle games for Android.amanita Design is a publisher on Google Play. They have three very excellent puzzles games with Samorost 3, Botanicula, Chuchel and the famous classic car. All three games have fun puzzles, a distinctive artistic style and a simple mechanics of the game. Basically, they will have the world of the game in search of clues and puzzle solutions. They also have fun small stories. All four games go for \$ 4.99 in advance. However, there are no in-app purchases after purchasing the game. Price: free / \$ 2.99 / up to \$ 9.99 Blue Wizard Digital is a developer on Google Play. They have two excellent puzzle games. The first is Slayaway Camp. Games a serial killer and avoid policemen while slaughter people. The second is Friday 13. It has many of the same ideas, but over 100 levels of BontÃ Gory. These games are not for children or adults with weak stomach. Otherwise they make for the exceptional horror puzzle games. Slayaway camp goes for \$ 2.99. Friday 13 is a free download with in-app purchases, but it's not a fremizin game. Bridge Constructor Portal is a cross-over game between the bridge manufacturer and the portal. The game has mainly mechanical of the bridge manufacturer. Build a bridge from one end of the level to the other with a variety of strategy and parts. Portal mechanics make every level more fun and difficult. Contains 60 levels (test rooms), lots of portable references (including voice voice), and some extra things like Google Play results The bridge builder portal goes for \$ 4.99 without purchases or in-app announcements. It is an excellent puzzle game. This game is also free to play for people with Google Play Pass. The developer, the header, also recently launched the bridge manufacturer: The Walking Dead (Google Play Link) if you prefer to A theme. This game is also free if you have Google Play Pass. Ara's eyes are one of the new list puzzle games. It reminds us of a lot of classic puzzle-adventure games like mystic. Players explore a world in search of clues, unlocking the secrets and collecting history from fragments of history of the game world. Play in a 3D world with a surprisingly decent exploration and graphics. Developers around the experience with results, support for about a dozen languages and a minimal user interface that first puts the Game World. There is not a lot of wrong in this, but the controls are occasionally WWKY. Faraway 3: Arctic escape is another new puzzle game from 2018. It has a variety of puzzles similar to console games like the witness. You have various cards and each card has solved. The game has 18 stages with a puzzle variety in each along with a line of history. This is also the third game of the series and the previous two are quite good. The three together should provide decent quantity of entertainment. The third has nine free levels and the rest costs \$ 3.99. Even the previous games are quite cheap. Gorogoa is an excellent puzzle game. The game shows some illustrated panels. Players put the panels to tell a story. The game has thousands of illustrations to organize, all of which feed in the main line of the game history. He states heavily on artwork to convey history rather than making the player read a lot of things. It is an interesting method of storytelling and puzzle elements are quite simple to do. This is a great puzzle game. Price: free trial / \$ 14.99, the neighbor is one of the most unique puzzle games on the mobile. Your neighbor is doing strange things and you want to check it. So they break back home. The nearby establishes the defenses after each interruption based on your voice and there are strategies. You must adjust your strategies accordingly. This was a very popular game on the PC and the mobile game plays the same way, but with mobile controls. There are also horrible elements and thrillers with this. This is quite expensive. Criticism is a bit more hard because of your price tag. However, it is still a good game with a single premise. Price: free / up to \$ 8.99- \$ 11.99 Eaylife is strange is an exceptional adventure-puzzle-drama game. Following the life of a max, a high school girl with special powers. You can rewind and reproduce various moments in her life. Restart and retype the various moments until you get the desired results. This is a port of a console game and even quite good. The graphics and the mechanics are good and the story is fun. There is also a prequel for this available game, but you may need an update or two before we recommend it completely. This may not be a puzzle game in the classic sense, but the main mechanic is a puzzle element so that you are counting. Life is strange: before the storm adds the story a lot, but it's a bit more rough around the edges than the first game. Price: \$ 3.99 + \$ 1.99 / \$ 4.99 Momenument Valley 1 and 2 are some of the most popular mobile phone puzzles games. They use puzzle mechanics inspired by MC Escher. Twisting and turning portions of the level to progress. The games are not difficult. They vanish a more relaxing experience than engaging. Monument Valley games seem fantastic, though. The artistic style is certainly applauded. The first game includes a handful of levels along with the forgotten DLC shores (\$ 1.99 extra). The second game is a bit longer but not much. These are classic. PART TIME UFO is a Goofy puzzle game from Kirby developers. Yes, the adorable pink sphere eating stuff. You Ride in a UFO while you do strange works for village citizens. Every job is a puzzle. The game has a variety of colorful characters, a lot of levels and puzzles, and even some things a it also has Google Play Games support for results. The game goes for \$ 3.99 without purchasing or advertising in-app. It's not the game more graphically intense outside, but we like it anyway. Professor Layton Franchise is a series of puzzle games from Nintendo DS. Developers, level-5, brought some of them to Android as mobile ports. You can take Layton: Curious Village, Layton: Diabolical Box and Layton's Mystery Journey on Google Play. The series puts you on an adventure to solve puzzles and resolve cases for Professor Layton. The games presents the comic dialog box along with goofy situations that help you sculpt the atmosphere of these games. I'm quite expensive, though, so we advise you to play as much as possible in the repayment time to make sure you like it. Price: \$ 0.99 / \$ 1.99 / \$ 3.99 / \$ 4.99 Room franchise is one of the most ancient and most successful of the puzzle franchise game on the mobile. There are four games in the series at the time of this writing. The first two are classic puzzle games. Discover the puzzles to progress until you finish the game. The third game of the series introduced more finals and a slightly heavier narrative. Finally, the most recent game, the old sins, take place in a dollhouse. All four games have some similar elements, including exceptional graphs, escape room elements and intelligent puzzle designs. They are also quite short games. However, the most final inclusion gives subsequent titles a reproduction value. These are classic in the space of the game of the puzzle on the mobile phone and we recommend it a lot. The first game of the series is \$ 0.99 and the latest is \$ 4.99. The other two fall between these two price cards. None of them has purchases or in-app announcements. Rooms: The Toymaker villa is one of the new puzzle games on the list. It's a fairly simple puzzle game in the heart. You move through a villa and every room moves like a piece of puzzle. Assemble the pieces of the puzzle to continue the journey. The game contains 144 total levels in four homes. Players also unlock special skills such as transport bombs and the ability to move every room simultaneously. There are 96 levels of history and 48 levels of special skills to keep things a little cool. There is more than the contents here to justify the price tag of \$ 4.99 of the title and there are no purchases or advertisements in-app to ruin anything. Price: Free / Varies for Game rusty Lake is one of the most popular puzzle game developers on Google Play. There are two different Rusty Lake franchises. The cube escape series is a series of long-lasting puzzle games with escape space and hidden object puzzle elements. Most of those games are free except the latest, the cube escape: paradox (costs \$ 1.99 for the full version). The other series, the Rusty lake, is a puzzle game with premium point-and-click adventure that takes place in the same universe as the cubic escape series. These usually cost money, but never more than a few dollars. Usually there are one or two new additions for each franchise every year and they are all quite good. Vodobanka is one of the most unique puzzle games on Android. The player takes control of a Swat team. The goal is to violate a structure and get hostile people before driving hostages. It has a bunch of levels, including some recently added as the 2021. It doesn't have the best graphics, but the concept is quite clean as clear players rooms on their way to the goal. The premium version is also inexpensive with most content available in the free version. version.
